REVISION OF CONDITION OF APPROVAL IN TERMS OF REZONING OF REMAINDER OF ERF 98, KLEIN WINDHOEK

Du Toit Town Planning Consultants, have applied on behalf of the owners of the Remainder Erf 98, Klein Windhoek in terms of section 94 (1) (b) and section 105 (f) of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018), to the City of Windhoek:

- **The revision of Condition 6 and 7 in the letter dated 22 August 2022 relating to heritage consent;**

- **Par 6 should read: "That the existing heritage consent issued in terms of Council Resolution 257/10/2017 be withdrawn."; and**
- **Par 7 should read: "That the applicant takes note of and accepts the responsibility to preserve the heritage building with specific reference to the conditions from the Namibia Institute of Architects' letter dated 18 September 2025"**.

The Department of Urban and Transport Planning approved the application in accordance with delegated authority in a letter dated 22 August 2022. The Urban Planning Board approval for the rezoning was obtained 13 December 2024 and the rezoning was promulgated in the Government Gazette of 14 March 2025. When the Architects were in process to submit the new building plans during 2025, the Urban and Transport Planning Department informed our office of an issue they had with the heritage consent in the approval of 2022.

Condition 6 was relevant to a heritage consent issued in 2017. With the approval from 2022, this can be withdrawn as it is not necessary anymore. The rezoning to office was approve as well as the approval to exclude the floor area of the heritage building from the bulk calculation. This paragraph can be amended to refer to the letter of 2017.

Condition 7 should be amended/removed/revised as it still refers to the 2016 NIA letter. During the building plan preparation, a new letter from the Namibia Institute of Architects – dated 18 September 2025 were provided. The NIA supported the application on condition that the existing building's original façade must be repaired/renovated and preserved. The interior is no longer of historical value and may therefore be altered, provided that the exterior character is respected. Any new structures must be designed in such a manner that they complement the original building. Although this letter was presented to City of Windhoek, a formal application had to be submitted for the revision of the conditions of approval to also include the consent of the Heritage Council for the rezoning. The Heritage Council's consent for the rezoning was obtained.

As a result of this, it is also believe that the conditions can formally be revised by the City of Windhoek in terms of section 94 (1)(b) of the Urban and Regional Planning Act, 2018.

Any person objecting to the deletion of the condition of approval as set out above may lodge such objection together with the grounds thereof with the City of Windhoek and the applicant within 14 days of the last publication of this notice (final date for objections is **20 August 2026**).

REZONING OF ERF 656, WINDHOEK

Du Toit Town Planning Consultants, are applying on behalf of the members of Chameleon Backpackers Lodge CC (CC/95/0459) application are herewith made in terms of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018) to the City of Windhoek and the Urban and Regional Planning Board for:

- **Rezoning of Erf 656, No. 52 Voigts Street, Windhoek from "general residential" with a density of 1 dwelling per 100m² to "hospitality" for a backpacker's accommodation establishment; and**
- **Consent to continue to use the existing establishment while the rezoning is in process due to consent issued for 9 rooms in 2001**.

Erf 656 is located within the city centre and is 1062,35m² in extent. It is located in Voigts Street, a short dead-end street which is parallel to Mandume Ndemufayo Avenue. It is walking distance from the CBD. Erf 656, No. 52 Voigts Street, Windhoek is currently zoned "general residential" with a density of 1:100. The Chameleon Backpackers accommodation establishment has been operating from the premises since at least 2001, following the granting of formal consent to operate as an accommodation establishment. The Chameleon Backpackers has therefore been in continuous operation for approximately 25 years on the erf. The existing development has 9 rooms/units of which 6 are twin en-suite rooms; there is also a family room to cater for families and then two dorm rooms.

Having operated successfully for many years, the owners now intend to undertake renovations and upgrades to the existing buildings and accommodation units. During consultations with the City of Windhoek, they were advised that, given the long-established use of the property and the fact that the current number of employees no longer complies with the original consent conditions, it would be more appropriate to rezone the property to the "hospitality" zoning category. The proposed rezoning will formalise the property's longstanding use and provide an appropriate planning framework for the continued operation and improvement of the existing establishment.

Access to Erf 656, No. 52 Voigts Street, Windhoek, will remain from Voigts Street. The development requires a total of 10 parking bays (excluding the loading bay). Following several consultations with the City of Windhoek, it was agreed that the existing on-street parking bay may be utilised as a designated taxi pick-up and drop-off bay, allowing for a relaxation of five parking bays from the total parking requirement. An application to lease the approximately 19.5m² area required for the taxi bay will be submitted once the rezoning has been approved by Council.

Any person objecting to the proposed use of land as set out above may lodge such objection together with the grounds thereof with the City Council (the Urban Planner-Town House, Fifth Floor, Room 516) and the applicant within 14 days of the last publication of this notice (final date for objections is **20 August 2026.** Should you require additional information you are welcome to contact our office.

- **Alteration of town boundaries of the Katima Mulilo local authority boundaries and incorporation to include the newly created Portion Z;**
- **Township establishment (need and desirability) and layout approval on a Portion Z of the Remainder of Katima Mulilo Town and Townlands No.1328;**
- **Approval of the layout plan for the new township on Portion Z of the Remainder of Katima Mulilo Town and Townlands No.1328 in terms of section 105(b) of the Urban and Regional Planning Act, 2018 (Act. No. 5 of 2018); and**
- **Approval of the proposed zoning for the new erven on the incorporated Portion Z of the State land in terms of section 105(a) of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018)**.

The proposed Portion Z is located on the State land that is within the jurisdiction area of Zambezi Region, Division B. The portion is bounded to the east and south by State Agricultural land, to the west by the road leading to Linyanti, to the north by the Katima Mulilo Townlands No. 1328 and Katima Mulilo Extension 36 being the nearest developed area. It is our client's intention to undertake the statutory process and apply to the Katima Mulilo Town Council and the Urban and

Regional Planning Board to obtain statutory approvals. The site earmarked for the future housing development is currently used for communal and residential activities and is zoned "agriculture", measuring ±14.2238 hectares and is ideally located for the proposed future residential development as it has easy access to the Katima Mulilo Town City Centre as well as the north-eastern and western suburbs. There is a need for the middle-income residential erven with the present demand exceeding the supply of the available erven in and around the Katima Mulilo Town.

The application, locality plan and its supporting documents lie open for inspection at the Katima Mulilo Town Council (Town Planning Office) and Dunamis Consulting Office, 107 Ondangaura Street, Cimbebasia.

Any person objecting to the proposed application as set out above, may lodge such objection together with the grounds thereof, with the Chief Executive Officer of the Katima Mulilo Town Council and with the applicant (Dunamis Consulting) in writing on or before **Friday, 21 August 2026**).
